EXAMINER'S AMENDMENT

1. This Office Action is responsive to the Amendment filed on 07/06/04.
2. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Attorney Jonathan Lindsay on 08/26/04.

The application has been amended as follows:

IN THE CLAIMS:

In claim 22, the phrase "The digital receiver ... data modulation." on lines 17 and 18 has been deleted.

REASONS FOR ALLOWANCE

3. Claims 6, 7 and 10-26 are allowed.
4. The following is an examiner's statement of reasons for allowance:

References (6,744,809), (6,728,325), (4,701,934) are additionally cited because they are pertinent to the claimed invention.

As per independent claims 6, 10 and 22, none of prior art of record teaches or suggests the claimed system. Janc et al (4,785,463), previously cited, fails to teach the limitation "a multiplexer for directing signals from outputs of the first means of the spreading code demodulator part in a time multiplexed manner to the carrier mixer" of the claim 6, the limitation "a multiplexer for directing signals obtained from outputs of the first means of the

spreading code demodulator part in a time multiplexed manner to the carrier mixer” of claim 10, and the limitation “a multiplexer for directing signals from outputs of the decimator in a time multiplexed manner to the carrier mixer” of claim 22, in combinations with other elements, recited in the respective claims. It would not have been obvious for one skilled in the art to implement Janc et al invention in view of other prior art of record for leading the implementation to the claimed invention.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled “Comments on Statement of Reasons for Allowance.”
